

A BRIEF HISTORY OF HISPANIA

Jorge Pisa Sánchez

From Viriathus to the period of glory of Emperors Trajan and Hadrian, this book covers the exciting history of the conquest of Hispania, its people, the Hispano-Roman culture, and the socio-economic development of one of the wealthiest and most important provinces of the Roman Empire.

Synopsis

Recounting the process of change that the indigenous population of the Iberian Peninsula underwent with the arrival of the Roman Empire, A Brief History of Hispania recaptures the most thrilling parts of the Roman conquest and domination, including the Celtiberian and Lusitanian wars. The book also gives an account of how this domination brought about a process of slow, but permanent acculturation that eventually put to an end the Lusitanian practices of human sacrifice. In this way, the book attempts to achieve a historic ethnography that not only explains the customs, religion, and rituals of the day, but the lesser known events and stories of everyday life. Detailing the period from 218 B.C. to 476 A.D., this work brings together everything you need to know in order to understand the historical roots of Spain.

Biography

Jorge Pisa Sánchez has a degree in history and specializes in ancient and late ancient history. For many years he worked in archeology and the excavation of remains from the Iberian, Roman, and medieval periods. He has published historical articles and ceramic studies and has been involved in various history associations dedicated to promoting historic research and writing. He currently contributes to the website Magazine Siglo XXI and to the literary project Webdelibros.

Sales Pitch

NOVEL OFFERING: Few popular reading books today deal with the history of Hispania; most books dealing with this subject are purely academic works.

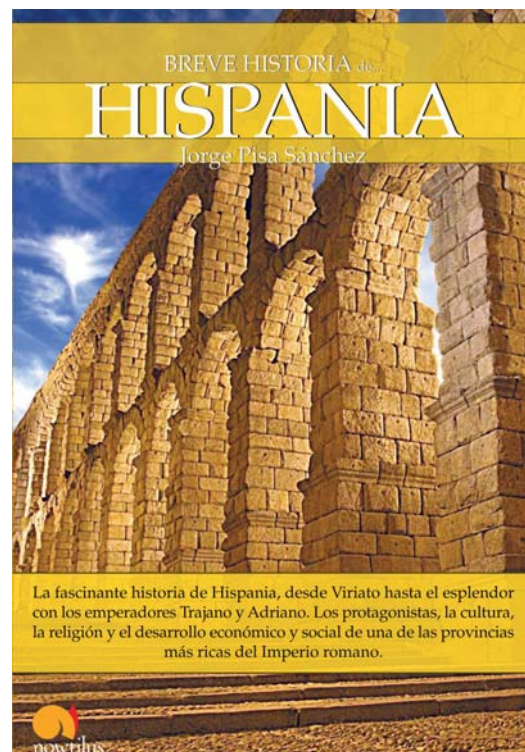

ILLUSTRATED CONTENT: The book is aided by illustrations and visual material that help give the reader a better sense of the events, people, and places presented throughout the pages.

THE ORIGINS OF SPAIN: This book offers the reader a better sense of the historical roots that helped form and continue to define modern Spain.

AUTHOR: Jorge Pisa is a historian and expert on Antiquity.
