

A BRIEF HISTORY OF THE RUSSIAN REVOLUTION

Iñigo Bolinaga

From the last years of the Czars to the beginning of Marxism, the soviets, and the final triumph of the "Red Czar", you will learn about the events and figures of the Bolshevik revolution and the creation of the Union of Soviet Socialist Republics (USSR), the first socialist state in the world.

Synopsis

A Brief History of the Russian Revolution looks at the last days of Czar Nicolas II, the spontaneous uprising in February of 1917, the republican period that followed with Alexander Kerensky as leader, and the ensuing civil war with the Trotsky led Red Army emerging victorious and allowing Lenin to create a socialist regime that helped shape a new world order. The book also examines the factors that permitted a Bolshevik victory and that made the Russian Revolution of 1917 the most important historical event of the 20th Century. The reader will also see how this period marked the end of an era: the death of the monarchist state system and the creation of a new path under socialist direction.

Biography

Iñigo Bolinaga (Elorrio - Vizcaya, 1974) has a degree in contemporary history and a master's degree in Basque Studies and journalism. He is a member of the Sociedad de Estudios Vascos (Basque Studies Society) and has worked for various think tanks dedicated to achieve peace in the Basque Country. Currently he works in the civil service and studies contemporary political movements with a special focus on 20th century European nationalist tendencies. He has contributed history and current events articles to various written publications and has produced several reader-friendly and didactic academic works, including *Fascismo social; China Ming; Juana de Albret, la reina de los hugonotes; La economía oculta del norte de Marruecos; La disputa antártica; El enclave de Kaliningrado; and Córcega, la tierra del Bandit*, among others. For the Brief History Collection, she has contributed *A Brief History of Fascism* and *A Brief History of the Spanish Civil War*.
