

Everything you should know about WORLD WAR II

**The definitive guide
for understanding
the largest military
conflict in history**

Synopsis

Everything You Should Know about World War II presents a complete review for a wide understanding of this military conflict. The book analyzes the causes of the war, from the blitzkrieg strikes of Nazi Germany on Poland and France to the decisive defeat of the German troops in Stalingrad. The most notable events of this war are almost countless. Numerous military officials such as Rommel, Patton, Montgomery, and MacArthur carved a place for themselves in history. Bloody battles were fought in places like El Alamein, Kursk, the Ardennes, Iwo Jima, and Okinawa and various military weapons and instruments made their appearance for the first time, including the fast Panzers, the agile Spitfire, the versatile Jeep, the invaluable radar, or the revolutionary flying bombs.

Did you know that...

- ...Hitler had not planned to enter into war until 1942?
- ...the attack at Pearl Harbor could have been easily averted?
- ...Pious XII prohibited the entrance of American Black soldiers in Rome?
- ...the success of D Day was made thanks to a risky meteorological prediction?
- ...the Germans had to sign their surrender agreement twice?

Sales Pitch

ANNIVERSARY: On September 1, 2009, the most important war conflict of the 20th century will turn 70 years old.

UNIQUE STRUCTURE: Each chapter is presented in a unique manner. The author narrates the events, then visits the most important places where these events unraveled, discusses the key protagonists, and finally recommends a series of films that deal with the discussed moments in history.

FOR ALL TYPES OF AUDIENCES: This work helps the uninitiated reader learn more about the events that happened between 1939 and 1945.

THE AUTHOR: Jesús Hernández is an expert on military events in general and on the two World Wars in particular.
