Luis E. Íñigo Fernández

THE NAVAL BATTLE THAT CHANGED THE FATE OF THE WORLD

The Santísima Trinidad, the Royal Navy... immerse yourself in the history of the eighteenth century warships and suffer the hardships of life on board. Bear witness to the heroism of Gravina and Churruca. Understand why Nelson's victory over the Spanish and French naval armies laid the basis for a century and a half of British hegemony.

Synopsis

Follow the course of the most important naval battle of all time, a battle that ended a century of struggles for the control of the seas between Spain, France, and Britain.

Know the main actors of this battle: the fleets, the ships, the men ... Go back in time to the early eighteenth century and revive the history of the struggle for naval hegemony between the Spanish, French and British naval armies. Visit the inside of a ship of the line and share a day on the ocean with the crew of those giants vessels that used to sail the seas. Thrill to the exploits of people such as the Spaniards Gravina and Churruca, and understand why the British Admiral Horatio Nelson won the battle. Luis E. Íñigo Fernández will accompany you aboard the Santísima Trinidad, the largest ship of the line ever built, and will invite you to immerse yourself in the heat of battle from its deck.

Brief History of the Battle of Trafalgar is the only work that compiles in a single and brief volume all the essential information to completely understand the historical dimension of this naval battle that changed the fate of the world.

Biography

Luis E. Íñigo Fernández holds a degree in History. He has been teaching this beautiful subject to teenagers for over fifteen years, but at the same time he has developed a growing interest in research, and as a result of the latter, he has written many articles about the Second Spanish Republic, as well as books on history, such as *Francisco Franco: The Obsession to Endure* and also *Brief History of Spain volumen I and II*, *Brief History of Alchemy*, *Brief History of the Second Spanish Republic*, *Brief History of the World*, and *The Questioned Spain*, all of them published by Ediciones Nowtilus. He has also written some works of fiction, such as *Liber Hyperboreas* (Nowtilus, 2013).

Sales pitch

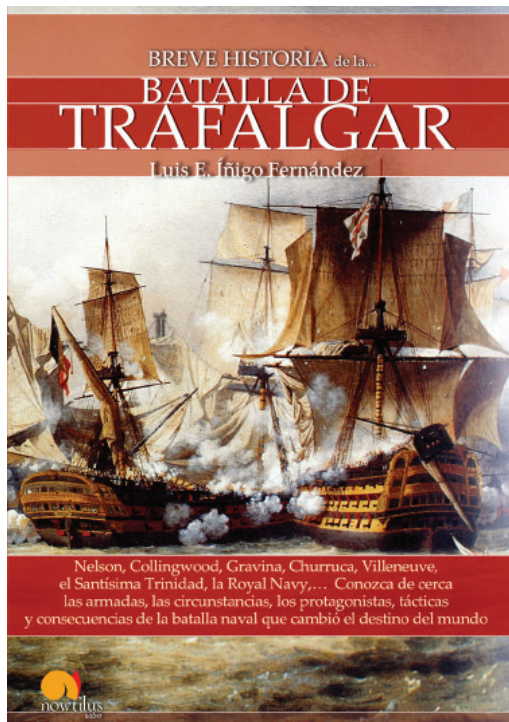

-This title collects all the essential information needed to understand the Battle of Trafalgar. Nowadays, readers are very interested in the historical naval theme.

-Unlike other similar books, this title does not only focus its attention on the military high command of those armies, but also on the daily work routine and the mindset of the crews, so the reader can understand the battle from the different points of view of all involved in it.

-The book explains the historical processes that led to the conflict, framing them in an historical context that helps to understand better this decisive naval battle.

-The author avoids using technical terms in this book and uses an almost cinematic and very visual style of writing. The battle is described in a literary style that highlights the action and the importance of this great historical moment.

-The author is a renowned historian, who has written several other titles for this series: *Brief History of the World*, *Brief History of Spain*, *Brief History of the Industrial Revolution*, *Brief History of Alchemy* and *The Questioned Spain*.
