Historical essay

Montserrat Huguet

The cruel civil war and bloody battle against slavery which marked the end of an era was fought between 1861 and 1865. Its main players: Lincoln, Custer, Grant, Sherman, Whitman; the Union against the Confederate States of America, from the origins of the conflict to Gettysburg, Lincoln's assassination and the resurgence of the United States as a modern nation state

Synopsis

A comprehensive review of all the key elements to understand an unmitigated civil war, in which the future of a nation was at stake: it could be an agrarian or industrial country, a state of slaves or free men. An essay focused on the war and the men and women who made possible some radical social changes in United States in the late 19th century.

The author, Montserrat Huguet, will guide you and help you to understand all the details of a bloody war that marked the end of an era. A confrontation in which North and South, Democrats and Federalists resolved their differences, sacrificing more than six million lives in the process.

A rigorous essay that tells the fate of two countries, the North and the South, facing a path full of blood in order to resolve their differences, with the war as the backdrop of a vast transformation that will see the emergence of a modern capitalist nation state.

Biography

Montserrat Huguet is a Professor of Contemporary History at the Carlos III University of Madrid. She has a PhD from the Complutense University of Madrid and her thesis was focused on International History and the Contemporary International Relations.

She has been working as a professor and researcher at the Carlos III University of Madrid since 1992. She has held various positions in academic administration and directed several doctoral theses of domestic and foreign researchers.
